Thank you for joining me for Alcohol Ink Month September 2016!

I absolutely love working with alcohol inks! Thank you for letting me share that joy with you 😊

Below you will find a list of basic supplies to help get you started with wonderful alcohol inks!

There are many brands of inks, papers, and tools, but I am sharing with you the ones that I really **enjoy**, and that I am using in my video series!

Also, some of the links below are affiliate links, so if you click through and buy something, you are supporting my art, free tutorials, and videos! THANK YOU!

Basic Supplies:

If you have never used alcohol inks before, I suggest you start with a minimum of:

- 2-3 colors of ink,
- 1 mixative (metallic)
- Felt
- glossy cardstock.

This will allow you to experiment without spending too much money on supplies you aren't sure about.

[Joggles.com](#) seems to have the best prices on individual bottles of ink (09/02/2016). As I said in the video, I am not affiliated with Joggles, I just love them! I love their product demo videos, and they have excellent customer service, etc. But, please, shop around!

Another alternative is to go to your local craft store and use your 40-50% Off coupon.

Now, go get playing!!

Cheers!
